## Warrant for Annual Meeting.

---

[L. S.] State of New Hampshire.

*To the Inhabitants of the Town of New Boston, qualified to vote in town affairs :*

You are hereby notified to meet at the Town House, in said town on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects :

Art. 1 To choose all necessary town officers and agents for the ensuing year.

Art. 2 To raise and appropriate such sums of money as may be necessary for support of schools, maintenance of the poor, for repairing roads and bridges, for lighting streets, for memorial day and for all other necessary town charges.

Art. 3 To see if the town will vote to accept state aid for improvement of highways or pass any vote relating thereto.

Art. 4 To see if the town will authorize the selectmen to hire money to meet the necessary expenses of the town.

Art. 5 To see if the town will vote that "it is inexpedient to establish a library" as provided in section eight chapter one hundred and eighteen laws of 1895.

Art. 6 To see if the town will vote to buy oxen to use repairing the highways.

Art. 7 By request of A. P. Smith to see if the town will vote to buy one or more pairs of team horses for use on the highways the coming season or act in relation thereto.

Art. 8 By request of the Fire Wards to see if the town will vote to buy for the use of the town 500 feet of new fire hose, also 3 fire extinguishers, also such new ladders for fire purposes as the town may deem expedient, and raise and appropriate money for the same.

Art. 9 To see if the town will vote to have the town house re-insured.

Art. 10 To see if the town will vote to license Junk Dealers as provided by chapter 124 of the Public Statutes, or pass any vote relating thereto.

Art. 11 To see if the town will vote to repaint, varnish and recurtain the town hearse, or purchase a more up to date hearse, or pass any vote and appropriate any money relating thereto.

Art. 12 By request of S. D. Atwood, to see if the town will vote to raise any money for the repair or construction of concrete sidewalks and appropriate such amount as they see fit to repair or build new.

Art. 13 By request of Reed W. McLane, to see if the town will vote to straighten and widen the highway from the culvert near the Wilson Hill road to a point as you

leave the woods adjoining the land of George A. Ordway, to raise and appropriate money for the same or pass any vote relating thereto.

Art. 14 By request of Walter C. Johonnett, to see if the town will vote to put in a sewer on the south side of the "Meeting House Hill" road so called, starting at or near the residence of Charles F. Maiden and emptying into the river, raise and appropriate money for the same or pass any vote relating thereto.

Art. 15 By request of S. D. Atwood and others to see if the town will vote to build an addition on the north end of the town house sufficient to enlarge the upper hall so as to give a good stage for said hall within the addition, also a kitchen and closet room to the lower hall and good stair way for egress from the upper hall to the lower floor of said addition and vote to raise and appropriate money for the same and appoint a committee to carry said vote into effect.

Art. 16. To hear the reports of agents, auditors, committees, and other officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seal this twentieth day of February nineteen hundred and eleven.

## Report of the Trustees of the New Boston Cemetery

February 14, 1910 to February 17, 1911

---

There has not seemed to be the demand the past year for extra labor on the roads and grounds of the cemetery as there has been in preceeding years so that beyond the usual duty of the Superintendent to see that the leaves were raked up and carried off and the grounds mowed over and raked in the season, there has been but little outlay of money and labor. Some of the large trees in the old part, that had eneroached on lots and monuments or had decayed so as to be a menace, with the high winds have been removed and some further work in that direction will be needed from time to time in the future. Probably a larger outlay will be required on the roads and paths this season and since the most available lots have been transferred to owners, the remaining unsold ones will need some work by us to make them appear acceptable for burial purposes.

The lowering device, purchased by the town is satisfactory and renders an interment much safer and pleasant to all funeral parties.

The new arrangements for winter hearse by the purchase by the town of runners is apparently alright for ordinary roads in the winter.

We recommend that the hearse should be painted and varnished; also the curtains replaced by new - unless

the town decide it best to procure a new hearse that is more spacious and up to date.

We are very sorry to report to you that two vacancies now exist on the Board of Trustees. Mr. B. T. Hills has served us long as president and had taken a lively interest in all that pertained to our work and care but continued infirmity that prevented an active participation in our meetings has led him to withdraw. And Mr. Henry Kelso, laid aside from his own work felt it duty to resign and we are left without his good judgment and willingness to help every way possible.

The care of the cemetery and the trust lots, necessitates the superintendent's presence a large part of the spring and summer months and the well kept condition of the grounds has been creditable to his work.

No suggestion has been received by us as to desirable work or changes by the citizens. The curbing of lots by stone is being generally discarded in all cemeteries. Corner markers and a little shaping of the lot to the contour of the ground making a much more tasty appearance than the very high elevation required on the lower side of sloping land to bring the lot near a level. Our treasurer's report of receipts and disbursement is annexed herewith Also the superintendent's report of removals and interments for the year past. Rejoicing that a kind Providence has spared us a great mortality of numbers you can but be struck that so many had attained the three score years and more, but to the exception of this advanced age you can well consider the great blow and poignant grief that the friends passed through in the parting. The record is a

strong reminder that a generation of the past is fast being gathered to this hallowed spot, and a new generation is filling the activities and bearing the burdens of life in our town.

## Report of School Board

---

*To the Selectmen of New Boston, N. H.*

We respectfully submit the following report of the School Board of the town of New Boston, N. H., viz :

**HIGH SCHOOL :** During the past year the High School in the village has had three terms of twelve (12) weeks each, or thirty-six (36) weeks of instruction. Its corps of efficient teachers have done well and excellent progress in studies has been made.

We are informed by the State Superintendent of Public Instruction that approval will not be given our High School unless the percentage of daily attendance is brought up to the standard of other High Schools. This matter should have marked attention by all interested in the welfare of our schools and should be remedied.

**USE OF SCHOOLS :** Examinations for entrance to the High School show that as thorough preparatory work is done in the outside school districts as at the crowded schools in the village. We therefore strongly urge the parents to refrain, wherever possible, from sending scholars to the graded village schools.

**SCHOOL YEAR :** Schools have been maintained at the village and in districts Nos. 2, 4, 5, 6, and 13 for thirty (30) weeks with the exception of No. 6 which was opened one week late in the Fall term and therefore had but twenty-nine (29) weeks. Spring and Fall terms were held at No. 15 and Winter term at 16. Scholars were transported from 15 to 16 during the Winter term.

**SUGGESTIONS :** In all of our schools there has been an extremely large number of scholars absent or tardy. We

realize that in many instances absence is unavoidable but it would seem that through a better co-operation of the parents and scholars this defect might be remedied. We strongly urge that parents visit the schools frequently and note the progress their children are making; that they become acquainted with the teachers of the children; that they offer suggestions for the welfare of the schools to the School Board and that in case of any dissatisfaction with the progress of their children that they first see the teachers personally and have a complete understanding with them and then, if there is still dissatisfaction, that they place the matter before the School Board for investigation. Only by this attention of the parents and only through their co-operation can progress be made.

**SCHOOL BOARD:** The School Board consists of three members who are simply the representatives of the parents in the management of the schools of New Boston. To them is entrusted the running of the schools and through them the business of the schools is done. To make our schools successful there must be co-operation on the part of the parents and a greater personal interest shown by them.

In January of this year the chairman of the Board, Mr. Albert E. Shedd, presented his resignation as a member and the Board lost a valuable helper. Mr. Shedd gave much time in the interests of the schools. His co-workers on the Board desire to express their appreciation of his advice and work and wish him success in his new field of labor. Mr. Christopher H. Coleman was appointed to fill the vacancy until the next School meeting.

**REPAIRS:** Repairs to the extent of \$37.35 were made to

the houses of Nos. 15 and 16. The Board suggests that these houses now be given one coat of paint each.

The slating of the School house in the village was finished this year. The sills and floor timbers are badly in need of repairs: temporary repairs have simply made them safe but something should be done immediately to put them in a proper condition.

We recommend the following repairs, viz:

At No. 4 School House, shed reshingled also repairs to chimney.

At No. 7 School House, shingling and general repairs.

At No. 5 School House, the construction of a suitable shed, and

At all School Houses, the repairs incident to wear and tear.

STATUTORY REQUIREMENTS. As required by law (P. S. 88:2 as changed by 52, laws 1909) we report the following amounts as necessary for the ensuing fiscal year, viz:

For Text books	\$200 00
Flags and appurtenances	35 00
Supplies	175 00
	<hr/>
	\$410 00
